Product visuals are illustrative. Final colour and fit are confirmed on the approved sample.

Two shell fabric programmes

FABRIC & CUSTOMISATION

Select the silhouette and shell fabric together, then confirm colour and fit on a physical sample.

KS04 / JM01

Italian woven Sharkskin series

COMPOSITION

65% nylon / 35% elastane

WEIGHT & FINISH

130 g/m² · WRO water-repellent finish

COLOUR CONFIRMATION

Black is the standard colour. See page 14 for photographed dye references. Other design colours can be developed from a physical standard.

KS07 / JM02

Performance stretch shell

COMPOSITION

71% nylon / 29% elastane

WEIGHT & FINISH

195 g/m² · WRO water-repellent finish

COLOUR CONFIRMATION

Choose a reference from pages 15–17. Check availability and approve a physical swatch before ordering.

What to confirm before sampling

Style code, leg length, shell colour, branding artwork and target measurements. Minimum order and lead time are confirmed in the quotation.

Specifications apply to the main shell fabric. Colour and finish are confirmed on the physical sample.

Sharkskin fabric colour card

JM01 / KS04 · 130 g/m² SHELL

Italian woven shell fabric for the Side-line Jammer and Open-back Kneeskin.

Black

Standard shell colour
